clinic\*\*

Dynamite Academy of Gymnastics began in January 2010 in Waterbury, CT on the philosophy of bringing gymnastics to all children. As a family owned business, we know how important every aspect of a child's life is to their development. We have worked hard to create a program that is fun, positive and challenging to the children. At DAG, we believe every child is number one and we work hard with the family to help each student achieve their individual best.
