Developing Your Child's Inner Champion

Dynamite Academy of Gymnastics began in January 2001 in Waterbury, CT on the philosophy of bringing gymnastics to all children. As a family owned business, we know how important every aspect of a child's life is to their development. We have worked hard to create a program that is fun, positive, and challenging to the children. At D.A.G., we believe every child is number one and we work with the family to help each student achieve their individual best.

How often have you said, "I would love to see my child challenged, have fun, and grow to be a successful adult?" Now you can stop talking about it and do it! We make it easy to have the adventure of a lifetime with our expert gymnastics instructors, developmentally appropriate placement, challenging and fun lesson plans, a safe environment, and a positive and fun atmosphere. Yes, as a member now you can become part of DAG and have an adventure that will enhance your child's development for a lifetime.
